## **PUBLISHED BY THE MISSISSIPPI LEGISLATURE User's Guide**

**Statement:** In order to assist both the legal profession and the layman in obtaining the maximum benefit from the Mississippi Code of 1972 Annotated, a User's Guide has been included in the main volume. This guide contains comments and information on the many features found within the Code intended to increase the usefulness of the Code to the user.

### **Annotations**

Case annotations are included based on decisions of the State and federal courts in cases arising in Mississippi. Annotations to collateral research references are also included.

To better serve our customers by making our annotations more current, LexisNexis has changed the sources that are read to create annotations for this publication. Rather than waiting for cases to appear in printed reporters, we now read court decisions as they are released by the courts. A consequence of this more current reading of cases, as they are posted online on LexisNexis, is that the most recent cases annotated may not yet have print reporter citations. These will be provided, as they become available, through later publications.

This publication contains annotations taken from decisions of the Mississippi Supreme Court and the Court of Appeals and decisions of the appropriate federal courts. These cases will be printed in the following reporters:

- Southern Reporter, 3rd Series
- United States Supreme Court Reports
- Supreme Court Reporter
- United States Supreme Court Reports, Lawyers' Edition, 2nd Series
- Federal Reporter, 4th Series
- Federal Supplement, 3rd Series
- Federal Rules Decisions
- Bankruptcy Reporter

Additionally, annotations have been taken from the following sources:

- American Law Reports, 6th Series
- American Law Reports, Federal 2nd
- Mississippi College Law Review
- Mississippi Law Journal

Finally, published opinions of the Attorney General and opinions of the Ethics Commission have been examined for annotations.

### **Amendment Notes**

Amendment notes detail how the new legislative affects existing sections.

### **Editor's Notes**

Editor's notes summarize subject matter and legislative history of repealed sections, provide information as to sections of legislative acts that have not been codified, or explain other pertinent information.

(1) In order that the Commissioner of Revenue may be familiar with the character and values of the several classes of property within each of the

several counties of the state and of the economic conditions therein, and throughout the state, the Commissioner of Revenue, or his designees, shall annually visit each of the several counties of the state. In the course of his visitation within each county, the Commissioner of Revenue, or his designees, shall perform the duties enumerated in Sections 27-3-39 and 27-3-53, and he shall investigate the work and methods adopted by the board of supervisors and county tax assessors and confer with such officers and other well-informed persons, ascertain wherein existing laws are defective or improperly or negligently administered and shall be authorized to exercise the authority granted under Sections 27-1-21 and 27-1-23. However, any language in Section 27-1-21 and Section 27-1-23 relative to the actual assessing or appraising of property by the county or municipal tax assessor is not granted to the Commissioner of Revenue. He shall report the results of his investigation and the facts ascertained to the Governor, from time to time, when required by him, and to each session of the Legislature.

(2) The chancery clerk shall require that the current mailing address and current business or employment telephone number, if any, and current residential telephone number, if any, of each grantor and grantee be included on all deeds as a prerequisite for the deed to be filed for record after July 1, 1987. If the residential telephone number is unlisted, the grantor or grantee shall include on the deed a telephone number where he or she can be reached during business hours. If the grantee may receive mail at the address of the property transferred, then the address of the transferred property shall be the mailing address of the grantee for the purposes of this section. The information provided by the grantor and grantee shall be true and correct and complete to the best of his or her knowledge and belief under penalty of perjury under Section 97-9-61. The chancery clerk may refuse to accept delivery of any deed for filing that does not contain on the deed the information required in this section. The fact that the information provided by the grantor or grantee may be incorrect, incomplete or false, however, shall not invalidate the deed or the filing thereof for record. The Commissioner of Revenue shall annually audit the deeds filed with the chancery clerk of each county and assess a penalty of One Hundred Dollars (\$100.00) against the county for each deed filed in violation of this section, and the aggregate of such sum shall be withheld by the Commissioner of Revenue from the next installment of homestead exemption reimbursement due under Section 27-33-41.

(3) The Commissioner of Revenue or his designees are hereby authorized to verify sales data regarding the transfer of real property by obtaining such information from the grantor or grantee. The information provided by the grantor or grantee to the Commissioner of Revenue or his designee shall be true, correct and complete to the best of his or her knowledge and belief under penalty of perjury under Section 97-9-61. Any information obtained in this manner shall be shared with the county tax assessors and used only for the purpose of valuing property.

(4) The Commissioner of Revenue may request sales data of Class I and Class II property from the county tax assessors in order to develop sales ratios.

If a county tax assessor fails to supply accurate information requested by the Commissioner of Revenue, the commissioner shall reject the county's tax roll. The avails of the one (1) mill levy as provided for in Section 27-39-329(2)(b) shall not be expended until the county complies with such request.

(5) When an appraiser employed by the Department of Revenue attends and successfully completes any part of the Mississippi Education and Certification Program and receives a certification, the Commissioner of Revenue is authorized to increase the salary of the appraiser in the amount authorized in Section 27-3-52 for completion of the same certification level by a county tax assessor and/or his deputies or assistants.

(1) Except in accordance with proper judicial order or as otherwise provided in this section or as authorized in Section 27-4-3, it shall be unlawful for the Commissioner of Revenue, or any deputy, agent, clerk or other officer or employee of the Department of Revenue, to divulge or make known in any manner the amount of income or any particulars set forth or disclosed in any report or return required on any taxes collected by reports received by the Department of Revenue. This provision relates to all taxes collected by the Department of Revenue and not referred to in Sections 27-7-83, 27-13-57 and 27-65-81, requiring confidentiality of income tax, franchise tax and sales tax returns. All system edits, thresholds, and any other automated system calculations used by the Department of Revenue in the processing of returns or statistics or used to determine the correct tax due for all taxes administered by the department shall be considered confidential information and may not be divulged or made known. Nothing in this section shall be construed to prohibit the publication of statistics, so classified as to prevent the identification of particular reports or returns and the items thereof, or the inspection by the Attorney General, or any other attorney representing the state, of the report or return of any taxpayer who shall bring action to set aside the tax thereon, or against whom an action or proceeding has been instituted to recover any tax or penalty imposed. Additionally, nothing in this section shall prohibit the Commissioner of Revenue from making available information necessary to recover taxes owing the state pursuant to the authority granted in Section 27-75-16.

The term "proper judicial order" as used in this section shall not include subpoenas or subpoenas duces tecum but shall include only those orders entered by a court of record in this state after furnishing notice and a hearing to the taxpayer and the Department of Revenue. The court shall not authorize the furnishing of such information unless it is satisfied that the information is needed to pursue pending litigation wherein the return itself is in issue, or the judge is satisfied that the need for furnishing the information outweighs the rights of the taxpayer to have such information secreted.

However, information relating to possible tax liability to other states or the federal government may be furnished to the revenue departments of those states or the federal government when the states or federal government grant a like comity to Mississippi.

(2) The State Auditor and the employees of his office shall have the right to examine only such tax returns as are necessary for auditing the Department of Revenue, and the same prohibitions against disclosure which apply to the Department of Revenue shall apply to the State Auditor and his office.

(3) Officers and employees of the Mississippi Development Authority who execute a confidentiality agreement with the Department of Revenue shall be authorized to discuss and examine information to which this section applies at the offices of the Mississippi Department of Revenue. This disclosure is limited to information necessary to properly administer the programs under the jurisdiction of the Mississippi Development Authority. The same prohibitions against disclosure which apply to the Department of Revenue shall apply to the officers or employees of the Mississippi Development Authority.

It shall be unlawful for any officer or employee of the University Research Center to divulge or make known in any manner the amount of income or any particulars set forth or disclosed in any information received by the center from the Department of Revenue other than as may be required by Sections 57-13-101 through 57-13-109 in an analysis prepared pursuant to Sections 57-13-101 through 57-13-109.

(5) Information required by the Mississippi Development Authority to prepare the reports required by Section 57-1-12.2 shall be furnished to the Mississippi Development Authority upon request. (6) Information necessary to comply with Chapter 13, Title 85, may be furnished to financial institutions. It shall be unlawful for any officer or

employee of the financial institution to divulge or make known in any manner the amount of income or any particulars set forth or disclosed in any information received by the financial institution from the Department of Revenue other than as may be authorized by Chapter 13, Title 85.

(7) The Commissioner of Revenue and the Department of Revenue are authorized to discuss with and provide the Attorney General or his designated representative with information related to an offer to compromise and settle any doubtful claim regarding a finally determined tax liability as authorized by Section 31-19-30. It shall be unlawful for the Attorney General or any officer or employee of the Attorney General to divulge or make known in any manner the amount of income or any particulars set forth or disclosed in any information received by the Attorney General's office from the Commissioner of Revenue or Department of Revenue other than as may be required by Section 31-19-30.

**HISTORY:** Laws, 2020, ch. 303, § 4, eff from and after passage (approved May 20, 2020); Laws, 2020, ch. 494, § 1, eff from and after passage (became law without the Governor's signature on August 18, 2020); Laws, 2020, ch. 502, § 1, eff from and after passage (became law without the Governor's signature on October 9, 2020).

**Joint Legislative Committee Note** — Section 4 of Chapter 303, Laws of 2020, effective from and after passage (approved May 20, 2020), added this section. Section 1 of Chapter 494, Laws of 2020, effective from and after passage (became law without the Governor's signature on August 18, 2020), amended this section. Section 1 of Chapter 502, Laws of 2020, effective from and after passage (became law without the Governor's signature on October 9, 2020), also amended this section. As set out above, this section reflects the language of Section 1 of Chapter 502, Laws of 2020, which contains language that specifically provides that it supersedes § 27-3-85 as added by Chapter 303 and amended by Chapter 494, Laws of 2020.

**Editor's Note** — Laws of 2020, ch. 303, § 2, effective May 20, 2020, as amended by Laws of 2020, ch. 494, § 1, effective August 18, 2020, provides:

“SECTION 2. During fiscal years 2020 and 2021, the Department of Finance and Administration shall have the authority to receive, budget and escalate federal funds in the DFA CARES ACT COVID-19 Fund (Fund Number 6820113000) in an amount not to exceed Fifty Million Dollars (\$50,000,000. 00) for defraying expenses incurred by any state agency, department or institution for the purposes provided under the Coronavirus Relief Fund, Section 5001 of the federal Coronavirus Aid, Relief, and Economic Security Act (P.L. 116-136).”

Laws of 2020, ch. 303, § 3, as amended by Laws of 2020, ch. 494, § 1, effective August 18, 2020, provides:

“SECTION 3. The Legislature intends to provide economic support to eligible Mississippi businesses for costs incurred in connection with the Coronavirus Disease 2019 (COVID-19), including business interruption caused by forced closures or restricted operations resulting from voluntary closures instituted to promote social distancing measures, decreased customer demand, cleaning or disinfection, and provision of personal protective equipment. Eligible expenses shall not include any damage paid by business interruption insurance or disallowed by Section 5001 of the Coronavirus Aid, Relief, and Economic Security (CARES) Act or any guidance or regulation issued by the United States Department of the Treasury in conformity therewith.

“In order to expedite payment to businesses in need of economic support due to

required or voluntary closures related to COVID-19, while minimizing administrative costs and delays, the Legislature finds that a direct payment of Two Thousand Dollars (\$2,000.00) per business is a necessary cost, as provided for in Section 4 of this act. This payment is specifically to compensate these businesses for an initial compliance with the Governor's State of Emergency COVID-19 Proclamation issued on March 14, 2020. As such, this payment is not related to and is separate and distinct from any eligible expense that is reimbursable from the Back to Business Program. The Legislature finds further that an application process is warranted for the provision of additional compensation, whereby eligible businesses not wishing to itemize their expenses may receive, subject to approval, a base payment of Three Thousand Five Hundred Dollars (\$3,500.00) plus Five Hundred Dollars (\$500.00) per full-time equivalent employee as a reasonable estimate of their costs incurred, as provided for in Sections 5 through 10 of this act."

Laws of 2020, ch. 303, § 12, as amended by Laws of 2020, ch. 494, § 1, effective August 18, 2020, provides:

"SECTION 12. If any section, paragraph, sentence, clause, phrase or any part of this act is declared to be in conflict with federal law, or if for any reason is declared to be invalid or of no effect, the remaining sections, paragraphs, sentences, clauses, phrases or parts thereof shall be in no manner affected thereby but shall remain in full force and effect."

Laws of 2020, ch. 494, § 2, effective August 18, 2020, provides:

"SECTION 2. All changes made in this act to Senate Bill No. 2772, 2020 Regular Session [Chapter 303, Laws of 2020], shall be retroactive to May 20, 2020." Editor's Note.-- Laws of 2020, ch. 303, § 12, effective May 20, 2020, provides:

"SECTION 12. If any section, paragraph, sentence, clause, phrase or any part of this act is declared to be in conflict with federal law, or if for any reason is declared to be invalid or of no effect, the remaining sections, paragraphs, sentences, clauses, phrases or parts thereof shall be in no manner affected thereby but shall remain in full force and effect."

**Amendment Notes** — The first 2020 amendment (ch. 494), effective August 18, 2020, in (1)(c)(ii), inserted "311811," "487210," "7113," and "7223, 7224."

The second 2020 amendment (ch. 502), effective October 9, 2020, in (1)(c)(ii), inserted "488990," "5322, 541920, 541921, 561499, 561510, 561920," and "711410"; and in (2)(a), deleted the former last sentence, which read: "If on November 1, 2020, there are unobligated monies in the fund, the Governor shall have the discretion to transfer monies to another state agency to be used for eligible expenditures pursuant to the Coronavirus Aid, Relief, and Economic Security (CARES) Act."

## **§ 27-3-87. Employment of qualified accountant by incentive program applicant or participant to perform third-party audit verification or review of information submitted by applicant or participant in lieu of audit, verification or review by department.**

(1) For any incentive program for which the Department of Revenue audits, verifies or otherwise reviews information submitted by an applicant, program participant or other entity for the purposes of the incentive program and eligibility for any incentive under the program, the applicant, program participant or other entity may employ a qualified accountant to perform a third-party audit, verification or other review of such information, in lieu of the

Department of Revenue doing so, for the purposes of the incentive program and eligibility for any incentive under the program. The applicant, program participant or other entity shall be responsible for all costs associated with such purposes, and the qualified accountant shall provide the third-party audit, verification or other review of information to the Department of Revenue. The Department of Revenue shall accept and approve the third-party audit, verification or other review of information for the purposes of the incentive program and eligibility for any incentive under the program and shall notify the applicant, program participant or other entity of such acceptance and approval within thirty (30) days after receipt of the third-party audit, verification or other review of information. If the Department of Revenue does not notify the applicant, program participant or other entity of such acceptance and approval within thirty (30) days after receipt of the third-party audit, verification or other review of information, then the third-party audit, verification or other review of information shall be automatically approved and valid for the purposes of the incentive program and eligibility for any incentive under the program. The State of Mississippi shall not be liable for or otherwise responsible for any actions of a qualified accountant.

(2) For the purposes of this section, the term “qualified accountant” means a certified public accountant (CPA) who: (a) maintains an active unrestricted original certified public accountant license, (b) maintains a current Mississippi certified public accountant firm permit, (c) actively participates in a peer review program approved by the State Board of Certified Public Accountants of Mississippi, (d) completes twenty (20) active hours of continuing professional education in approved courses for each reporting cycle, and (e) is capable of conducting two (2) levels of review within the CPA firm or, if not within the firm, then through a cooperative endeavor with another CPA for the review of a verification report prior to its issuance.

### § 27-7-5. Imposition of the tax.

**Cross References** — Tax credits against taxes imposed by this chapter, see §§ 27-7-22.3 through 27-7-22.40.

**§ 27-7-15. Gross income defined.**

(1) For the purposes of this article, except as otherwise provided, the term “gross income” means and includes the income of a taxpayer derived from salaries, wages, fees or compensation for service, of whatever kind and in whatever form paid, including income from governmental agencies and subdivisions thereof; or from professions, vocations, trades, businesses, commerce or sales, or renting or dealing in property, or reacquired property; also from annuities, interest, rents, dividends, securities, insurance premiums, reinsurance premiums, considerations for supplemental insurance contracts, or the transaction of any business carried on for gain or profit, or gains, or profits, and income derived from any source whatever and in whatever form paid. The amount of all such items of income shall be included in the gross income for the taxable year in which received by the taxpayer. The amount by which an eligible employee’s salary is reduced pursuant to a salary reduction agreement authorized under Section 25-17-5 shall be excluded from the term “gross income” within the meaning of this article.

(2) In determining gross income for the purpose of this section, the following, under regulations prescribed by the commissioner, shall be applicable:

(a) **Dealers in property.** Federal rules, regulations and revenue procedures shall be followed with respect to installment sales unless a transaction results in the shifting of income from inside the state to outside the state.

(b) **Casual sales of property.**

(i) Prior to January 1, 2001, federal rules, regulations and revenue procedures shall be followed with respect to installment sales except they shall be applied and administered as if H.R. 3594, the Installment Tax Correction Act of 2000 of the 106th Congress, had not been enacted. This provision will generally affect taxpayers, reporting on the accrual method of accounting, entering into installment note agreements on or after December 17, 1999. Any gain or profit resulting from the casual sale of property will be recognized in the year of sale.

(ii) From and after January 1, 2001, federal rules, regulations and revenue procedures shall be followed with respect to installment sales except as provided in this subparagraph (ii). Gain or profit from the casual sale of property shall be recognized in the year of sale. When a taxpayer recognizes gain on the casual sale of property in which the gain is deferred for federal income tax purposes, a taxpayer may elect to defer the payment of tax resulting from the gain as allowed and to the extent provided under regulations prescribed by the commissioner. If the payment of the tax is made on a deferred basis, the tax shall be computed based on the applicable rate for the income reported in the year the payment is made. Except as otherwise provided in subparagraph (iii) of this paragraph (b), deferring the payment of the tax shall not affect the liability for the tax. If at any time the installment note is sold, contributed, transferred or

disposed of in any manner and for any purpose by the original note holder, or the original note holder is merged, liquidated, dissolved or withdrawn from this state, then all deferred tax payments under this section shall immediately become due and payable.

(iii) If the selling price of the property is reduced by any alteration in the terms of an installment note, including default by the purchaser, the gain to be recognized is recomputed based on the adjusted selling price in the same manner as for federal income tax purposes. The tax on this amount, less the previously paid tax on the recognized gain, is payable over the period of the remaining installments. If the tax on the previously recognized gain has been paid in full to this state, the return on which the payment was made may be amended for this purpose only. The statute of limitations in Section 27-7-49 shall not bar an amended return for this purpose.

(c) **Reserves of insurance companies.** In the case of insurance companies, any amounts in excess of the legally required reserves shall be included as gross income.

(d) **Affiliated companies or persons.** As regards sales, exchanges or payments for services from one to another of affiliated companies or persons or under other circumstances where the relation between the buyer and seller is such that gross proceeds from the sale or the value of the exchange or the payment for services are not indicative of the true value of the subject matter of the sale, exchange or payment for services, the commissioner shall prescribe uniform and equitable rules for determining the true value of the gross income, gross sales, exchanges or payment for services, or require consolidated returns of affiliates.

(e) **Alimony and separate maintenance payments.** The federal rules, regulations and revenue procedures in determining the deductibility and taxability of alimony payments shall be followed in this state.

(f) **Reimbursement for expenses of moving.** There shall be included in gross income (as compensation for services) any amount received or accrued, directly or indirectly, by an individual as a payment for or reimbursement of expenses of moving from one (1) residence to another residence which is attributable to employment or self-employment.

(3) In the case of taxpayers other than residents, gross income includes gross income from sources within this state.

(4) The words "gross income" do not include the following items of income which shall be exempt from taxation under this article:

(a) The proceeds of life insurance policies and contracts paid upon the death of the insured. However, the income from the proceeds of such policies or contracts shall be included in the gross income.

(b) The amount received by the insured as a return of premium or premiums paid by him under life insurance policies, endowment, or annuity contracts, either during the term or at maturity or upon surrender of the contract.

(c) The value of property acquired by gift, bequest, devise or descent, but the income from such property shall be included in the gross income.

(d) Interest upon the obligations of the United States or its possessions, or securities issued under the provisions of the Federal Farm Loan Act of 1916, or bonds issued by the War Finance Corporation, or obligations of the State of Mississippi or political subdivisions thereof.

(e) The amounts received through accident or health insurance as compensation for personal injuries or sickness, plus the amount of any damages received for such injuries or such sickness or injuries, or through the War Risk Insurance Act, or any law for the benefit or relief of injured or disabled members of the military or naval forces of the United States.

(f) Income received by any religious denomination or by any institution or trust for moral or mental improvements, religious, Bible, tract, charitable, benevolent, fraternal, missionary, hospital, infirmary, educational, scientific, literary, library, patriotic, historical or cemetery purposes or for two (2) or more of such purposes, if such income be used exclusively for carrying out one or more of such purposes.

(g) Income received by a domestic corporation which is "taxable in another state" as this term is defined in this article, derived from business activity conducted outside this state. Domestic corporations taxable both within and without the state shall determine Mississippi income on the same basis as provided for foreign corporations under the provisions of this article.

(h) In case of insurance companies, there shall be excluded from gross income such portion of actual premiums received from an individual policyholder as is paid back or credited to or treated as an abatement of premiums of such policyholder within the taxable year.

(i) Income from dividends that has already borne a tax as dividend income under the provisions of this article, when such dividends may be specifically identified in the possession of the recipient.

(j) Amounts paid by the United States to a person as added compensation for hazardous duty pay as a member of the Armed Forces of the United States in a combat zone designated by Executive Order of the President of the United States.

(k) Amounts received as retirement allowances, pensions, annuities or optional retirement allowances paid under the federal Social Security Act, the Railroad Retirement Act, the Federal Civil Service Retirement Act, or any other retirement system of the United States government, retirement allowances paid under the Mississippi Public Employees' Retirement System, Mississippi Highway Safety Patrol Retirement System or any other retirement system of the State of Mississippi or any political subdivision thereof. The exemption allowed under this paragraph (k) shall be available to the spouse or other beneficiary at the death of the primary retiree.

(l) Amounts received as retirement allowances, pensions, annuities or optional retirement allowances paid by any public or governmental retirement system not designated in paragraph (k) or any private retirement system or plan of which the recipient was a member at any time during the period of his employment. Amounts received as a distribution under a Roth

Individual Retirement Account shall be treated in the same manner as provided under the Internal Revenue Code of 1986, as amended. The exemption allowed under this paragraph (l) shall be available to the spouse or other beneficiary at the death of the primary retiree.

(m) National Guard or Reserve Forces of the United States compensation not to exceed the aggregate sum of Five Thousand Dollars (\$5,000.00) for any taxable year through the 2005 taxable year, and not to exceed the aggregate sum of Fifteen Thousand Dollars (\$15,000.00) for any taxable year thereafter.

(n) Compensation received for active service as a member below the grade of commissioned officer and so much of the compensation as does not exceed the maximum enlisted amount received for active service as a commissioned officer in the Armed Forces of the United States for any month during any part of which such members of the Armed Forces (i) served in a combat zone as designated by Executive Order of the President of the United States or a qualified hazardous duty area as defined by federal law, or both; or (ii) was hospitalized as a result of wounds, disease or injury incurred while serving in such combat zone. For the purposes of this paragraph (n), the term "maximum enlisted amount" means and has the same definition as that term has in 26 USCS 112.

(o) The proceeds received from federal and state forestry incentive programs.

(p) The amount representing the difference between the increase of gross income derived from sales for export outside the United States as compared to the preceding tax year wherein gross income from export sales was highest, and the net increase in expenses attributable to such increased exports. In the absence of direct accounting, the ratio of net profits to total sales may be applied to the increase in export sales. This paragraph (p) shall only apply to businesses located in this state engaging in the international export of Mississippi goods and services. Such goods or services shall have at least fifty percent (50%) of value added at a location in Mississippi.

(q) Amounts paid by the federal government for the construction of soil conservation systems as required by a conservation plan adopted pursuant to 16 USCS 3801 et seq.

(r) The amount deposited in a medical savings account, and any interest accrued thereon, that is a part of a medical savings account program as specified in the Medical Savings Account Act under Sections 71-9-1 through 71-9-9; provided, however, that any amount withdrawn from such account for purposes other than paying eligible medical expense or to procure health coverage shall be included in gross income.

(i) Three Thousand Four Hundred Dollars (\$3,400.00) through calendar year 1997, Four Thousand Two Hundred Dollars (\$4,200.00) for the calendar year 1998 and Four Thousand Six Hundred Dollars (\$4,600.00) for each calendar year thereafter in the case of married individuals filing a joint or combined return;

(iii) Three Thousand Four Hundred Dollars (\$3,400.00) in the case of a head of family; or

In the case of a husband and wife living together, having separate incomes, and filing combined returns, the standard deduction authorized may be divided in any manner they choose. In the case of separate returns by a husband and wife, the standard deduction shall not be allowed to either if the taxable income of one of the spouses is determined without regard to the standard deduction.

(c) A nonresident individual shall be allowed the same individual nonbusiness deductions as are authorized for resident individuals in paragraph (a) or (b) of this subsection; however, the nonresident individual is entitled only to that proportion of the individual nonbusiness deductions as his net income from sources within the State of Mississippi bears to his total or entire net income from all sources.

(4) Nothing in this section shall permit the same item to be deducted more than once, either in fact or in effect.

### § 27-7-21. Exemptions allowed.

(a) **Allowance of deductions.** In the case of a resident individual, the exemptions provided by this section, as applicable to individuals, shall be allowed as deductions in computing taxable income.

(b) **Single individuals.** In the case of a single individual, a personal exemption of Five Thousand Two Hundred Fifty Dollars (\$5,250.00) for the 1979 and 1980 calendar years and Six Thousand Dollars (\$6,000.00) for each calendar year thereafter.

(c) **Married individuals.** In the case of married individuals living together, a joint personal exemption of Eight Thousand Dollars (\$8,000.00) for the 1979 and 1980 calendar years and Nine Thousand Five Hundred Dollars (\$9,500.00) for the 1981 through 1997 calendar years, Ten Thousand Dollars (\$10,000.00) for the calendar year 1998, Eleven Thousand Dollars (\$11,000.00) for the calendar year 1999, and Twelve Thousand Dollars (\$12,000.00) for each calendar year thereafter. A husband and wife living together shall receive but one (1) personal exemption in the amounts provided for in this subsection for each calendar year against their aggregate income.

(d) **Head of family individuals.** In the case of a head of family individual, a personal exemption of Eight Thousand Dollars (\$8,000.00) for the 1979 and 1980 calendar years and Nine Thousand Five Hundred Dollars (\$9,500.00) for each calendar year thereafter. The term “head of family” means an individual who is single, or married but not living with his spouse for the entire taxable year, who maintains a household which constitutes the principal place of abode of himself and one or more individuals who are dependents under the provisions of Section 152(a) of the Internal Revenue Code of 1954, as amended. The head of family individual shall be entitled to the additional dependent exemption as provided in subsection (e) of this section only to the extent of dependents in excess of the one (1) dependent needed to qualify as head of family.

(e) **Additional exemption for dependents.** In the case of any individual having a dependent, other than husband or wife, an additional personal exemption of One Thousand Five Hundred Dollars (\$1,500.00) for each such dependent, except as otherwise provided in subsection (d) of this section. The term “dependent” as used in this subsection shall mean any person or individual who qualifies as a dependent under the provisions of Section 152, Internal Revenue Code of 1954, as amended.

(f) **Additional exemption for taxpayer or spouse aged sixty-five (65) or more.** In the case of any taxpayer or the spouse of the taxpayer who has attained the age of sixty-five (65) before the close of his taxable year, an additional exemption of One Thousand Five Hundred Dollars (\$1,500.00).

(g) **Additional exemption for blindness of taxpayer or spouse.** In the case of any taxpayer or the spouse of the taxpayer who is blind at the close of the taxable year, an additional exemption of One Thousand Five Hundred

Dollars (\$1,500.00). For the purpose of this subsection, an individual is blind only if his central visual acuity does not exceed 20/200 in the better eye with correcting lenses, or if his visual acuity is greater than 20/200 but is accompanied by a limitation in the fields of vision such that the widest diameter of the visual field subtends an angle no greater than twenty (20) degrees.

(h) **Husband and wife—claiming exemptions.** In the case of husband and wife living together and filing combined returns, the personal and additional exemptions authorized and allowed by this section may be taken by either, or divided between them in any manner they may choose. If the husband and wife fail to choose, the commissioner shall divide the exemptions between husband and wife in an equitable manner. In the case of a husband and wife filing separate returns, the personal and additional exemptions authorized and allowed by this section shall be divided equally between the spouses.

(i) **Nonresidents.** A nonresident individual shall be allowed the same personal and additional exemptions as are authorized for resident individuals in subsection (a) of this section; however, the nonresident individual is entitled only to that proportion of the personal and additional exemptions as his net income from sources within the State of Mississippi bears to his total or entire net income from all sources.

A nonresident individual who is married and whose spouse has income from independent sources must declare the joint income of himself and his spouse from sources within and without Mississippi and claim as a personal exemption that proportion of the authorized personal and additional exemptions which the total net income from Mississippi sources bears to the total net income of both spouses from all sources. If both spouses have income from sources within Mississippi and wish to file separate returns, their combined personal and additional exemptions shall be that proration of the exemption which their combined net income from Mississippi sources is of their total combined net income from all sources. The amount of the personal and additional exemptions so computed may be divided between them in any manner they choose.

In the case of married individuals where one (1) spouse is a resident and the other is a nonresident, the personal exemption of the resident individual shall be prorated on the same basis as if both were nonresidents having net income from within and without the State of Mississippi.

For the purpose of this subsection, the term "net income" means gross income less business expenses incurred in the taxpayer's regular trade or business and computed in accordance with the provisions of the Mississippi Income Tax Law.

(j) **Part-year residents.** An individual who is a resident of Mississippi for only a part of his taxable year by reason of either moving into the state or moving from the state shall be allowed the same personal and additional exemptions as authorized for resident individuals in subsection (a) of this section; the part-year resident shall prorate his exemption on the same basis as nonresidents having net income from within and without the state.

(k) **Estates.** In the case of an estate, a specific exemption of Six Hundred Dollars (\$600.00).

(l) **Trusts.** In the case of a trust which, under its governing instrument, is required to distribute all of its income currently, a specific exemption of Three Hundred Dollars (\$300.00). In the case of all other trusts, a specific exemption of One Hundred Dollars (\$100.00).

(m) **Corporations, foundations, joint ventures, associations.** In the case of a corporation, foundation, joint venture or association taxable herein, there shall be allowed no specific exemption, except as provided under the Growth and Prosperity Act, Sections 57-113-1 through 57-113-7, and Sections 57-113-21 through 57-113-27.

(n) **Status.** The status on the last day of the taxable year, except in the case of the head of family as provided in subsection (d) of this section, shall determine the right to the exemptions provided in this section; provided, that a taxpayer shall be entitled to such exemptions, otherwise allowable, if the husband or wife or dependent has died during the taxable year.

(o) **Fiscal-year taxpayers.** Individual taxpayers reporting on a fiscal year basis shall prorate their exemptions in a manner established by regulations promulgated by the commissioner.

**HISTORY:** Codes, 1942, § 9220-11; Laws, 1934, ch. 120; Laws, 1938, ch. 116; Laws, 1940, ch. 123; Laws, 1944, ch. 124; Laws, 1946, ch. 246, § 1; Laws, 1952, ch. 402, § 10; Laws, 1958, ch. 555; Laws, 1960, ch. 456, § 2; Laws, 1960, ch. 457, § 2; Laws, 1966, ch. 629, § 1; Laws, 1968, ch. 580, § 27; Laws, 1973, ch. 504, § 3; Laws, 1979, ch. 302, § 1; Laws, 1982, ch. 489, § 2; Laws, 1997, ch. 304, § 2; Laws, 2000, 2nd Ex Sess, ch. 1, § 48; Laws, 2010, ch. 533, § 20, eff from and after July 1, 2010; Laws, 2019, ch. 396, § 4, eff from and after July 1, 2019.

(iii) Is located in a registered historic district listed on the National Register of Historic Places or located in a potential district that has been determined eligible for the National Register of Historic Places by the Secretary of the United States Department of the Interior and will be listed within thirty (30) months of claiming the rebate or credit authorized by this section, and is certified by the Secretary of the United States Department of the Interior as being of historic significance to the district;

or

(iv) Is certified by the Mississippi Department of Archives and History as contributing to the historic significance of:

1. A certified historic district listed on the National Register of Historic Places; or

2. A potential district that has been determined eligible for the National Register of Historic Places by the Secretary of the United States Department of the Interior and will be listed within thirty (30) months of claiming the rebate or credit authorized by this section; or

3. A local district that has been certified by the United States Department of the Interior.

(d) "Department" means the Department of Archives and History.

(2) Any taxpayer incurring costs and expenses for the rehabilitation of eligible property, which is a certified historic structure or a structure in a certified historic district, shall be entitled to a rebate or credit against the taxes imposed pursuant to this chapter in an amount equal to twenty-five percent (25%) of the total costs and expenses of rehabilitation incurred after January 1, 2006, which shall include, but not be limited to, qualified rehabilitation expenditures as defined under Section 47(c)(2)(A) of the Internal Revenue Code of 1986, as amended, and the related regulations thereunder:

(iii) Rebate requests shall be submitted to the department on forms prescribed by the department. The department will then provide the

taxpayer with a voucher for the approved amount. Within twelve (12) months of the issuance of the voucher by the department, the taxpayer may submit the voucher to the Department of Revenue to receive payment. Rebates shall be made from current tax collections.

(b) Not-for-profit entities, including, but not limited to, nonprofit corporations organized under Section 79-11-101 et seq., shall be ineligible for the rebate or credit authorized by this section. Partners, members or other owners of a pass-through entity are not eligible to elect a refund of excess credit in lieu of a carryforward of the credit. However, a partnership or limited liability company taxed as a partnership may elect to claim a rebate at the entity level on a form prescribed by the department. Additionally, excess tax credits that are attributable to rehabilitated property that was placed in service by a pass-through entity prior to January 1, 2011, and that have previously been allocated to and are held by another pass-through entity prior to January 1, 2011, may be refunded to such other pass-through entity.

(5)(a)(i) To claim the rebate or credit authorized pursuant to this section, the taxpayer shall apply to the department which shall determine the amount of eligible rehabilitation costs and expenses and whether the rehabilitation is consistent with the standards of the Secretary of the United States Department of the Interior. The department shall issue a certificate evidencing the date of the rebate or credit and amount of eligible rebate or credit if the taxpayer is found to be eligible for the tax rebate or credit. The taxpayer shall attach the certificate to all income tax returns on which the credit is claimed. Except as otherwise provided in this paragraph (a), the department shall not issue certificates evidencing the eligible rebate or credit which will result in rebates or credits being awarded in excess of Twelve Million Dollars (\$12,000,000.00) in any one (1) calendar year for projects with total qualified rehabilitation costs and expenses of One Million Seven Hundred Fifty Thousand Dollars (\$1,750,000.00) or more. The department shall also not issue certificates evidencing the eligible rebate or credit which will result in rebates or credits being awarded in excess of Twelve Million Dollars (\$12,000,000.00) in any one (1) calendar year for projects with total qualified rehabilitation costs and expenses of less than One Million Seven Hundred Fifty Thousand Dollars (\$1,750,000.00).

(b) There is hereby created within the State Treasury a special fund into which shall be deposited all the fees collected by the department pursuant to this section. Money deposited into the fund shall not lapse at the end of any fiscal year and investment earnings on the proceeds in such special fund shall be deposited into such fund. The credit shall commence on the date selected by the enterprise. For the year in which the commencement date occurs, the credit will be determined based on the monthly average number of full-time employees employed in new cut and sew jobs subject to the Mississippi income tax withholding who are employed by the enterprise. For each year thereafter, the number of new cut and sew jobs shall be determined by comparing the monthly average number of full-time employees employed in new cut and sew jobs subject to the Mississippi income tax withholding for the taxable year with the corresponding period of the prior taxable year. The Department of Revenue shall verify that the jobs claimed by enterprises to obtain the credit meet the definition of the term “new cut and sew job.” The Department of Revenue shall adjust the credit allowed each year for employment fluctuations.

(3) The credit that may be used each year shall be limited to an amount not greater than the total state income tax liability of the enterprise. Any tax credit claimed under this section but not used in any taxable year may be carried forward for five (5) consecutive years from the close of the tax year in which the credits were earned.

### § 27-7-22.39. Income tax credit for voluntary cash contributions to qualifying charitable organizations; separate income tax credit for voluntary cash contributions to qualifying foster care charitable organizations [Repealed effective January 1, 2025].

(1) As used in this section:

(a) “Low-income residents” means persons whose household income is less than one hundred fifty percent (150%) of the federal poverty level.

(b) “Qualifying charitable organization” means a charitable organization that is exempt from federal income taxation under Section 501(c)(3) of the Internal Revenue Code or is a designated community action agency that receives community services block grant program monies pursuant to 42 USC 9901. The organization must spend at least fifty percent (50%) of its budget on services to residents of this state who receive temporary assistance for needy families benefits or low-income residents of this state and their households or to children who have a chronic illness or physical, intellectual, developmental or emotional disability who are residents of this state. A charitable organization that is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code and that meets all other requirements of this paragraph except that it does not spend at least fifty percent (50%) of its overall budget in Mississippi may be a qualifying charitable organization if it spends at least fifty percent (50%) of its Mississippi budget on services to qualified individuals in Mississippi and it certifies to the department that one hundred percent (100%) of the voluntary cash contributions from the taxpayer will be spent on services to qualified individuals in Mississippi. Taxpayers choosing to make donations through an umbrella charitable organization that collects donations on behalf of member charities shall designate that the donation be directed to a member charitable organization that would qualify under this section on a stand-alone basis. Qualifying charitable organization does not include any entity that provides, pays for or provides coverage of abortions or that financially supports any other entity that provides, pays for or provides coverage of abortions.

(c) “Qualifying foster care charitable organization” means a qualifying charitable organization that each operating year provides services to at least

one hundred (100) qualified individuals in this state and spends at least fifty percent (50%) of its budget on services to qualified individuals in this state. A charitable organization that is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code and that meets all other requirements of this paragraph except that it does not spend at least fifty percent (50%) of its overall budget in Mississippi may be a qualifying foster care charitable organization if it spends at least fifty percent (50%) of its Mississippi budget on services to qualified individuals in Mississippi and it certifies to the department that one hundred percent (100%) of the voluntary cash contributions from the taxpayer will be spent on services to qualified individuals in Mississippi. For the purposes of this paragraph, "qualified individual" means a child in a foster care placement program established by the Department of Child Protection Services, a child placed under the Safe Families for Children model, or a child at significant risk of entering a foster care placement program established by the Department of Child Protection Services.

(d) "Services" means:

(i) Cash assistance, medical care, child care, food, clothing, shelter, and job-placement services or any other assistance that is reasonably necessary to meet immediate basic needs and that is provided and used in this state;

(ii) Job-training or education services or funding for parents, foster parents or guardians; or

(iii) Job-training or education services or funding provided as part of a foster care independent living program.

(2) Except as provided in subsections (3) and (4) of this section, a credit is allowed against the taxes imposed by this chapter for voluntary cash contributions by the taxpayer during the taxable year to a qualifying charitable organization, other than a qualifying foster care charitable organization, not to exceed:

(a) The lesser of Four Hundred Dollars (\$400.00) or the amount of the contribution in any taxable year for a single individual or a head of household.

(b) The lesser of Eight Hundred Dollars (\$800.00) or the amount of the contribution in any taxable year for a married couple filing a joint return.

(3) A separate credit is allowed against the taxes imposed by this chapter for voluntary cash contributions during the taxable year to a qualifying foster care charitable organization. A contribution to a qualifying foster care charitable organization does not qualify for, and shall not be included in, any credit amount under subsection (2) of this section. If the voluntary cash contribution by the taxpayer is to a qualifying foster care charitable organization, the credit shall not exceed:

(a) The lesser of Five Hundred Dollars (\$500.00) or the amount of the contribution in any taxable year for a single individual or a head of household.

(b) The lesser of One Thousand Dollars (\$1,000.00) or the amount of the contribution in any taxable year for a married couple filing a joint return.

(4) Subsections (2) and (3) of this section provide separate credits against taxes imposed by this chapter depending on the recipients of the contributions. A taxpayer, including a married couple filing a joint return, in the same taxable year, may either or both:

(a) Contribute to a qualifying charitable organization, other than a qualifying foster care charitable organization, and claim a credit under subsection (2) of this section.

(b) Contribute to a qualifying foster care charitable organization and claim a credit under subsection (3) of this section.

(5) A husband and wife who file separate returns for a taxable year in which they could have filed a joint return may each claim only one-half (1/2) of the tax credit that would have been allowed for a joint return.

(6) If the allowable tax credit exceeds the taxes otherwise due under this chapter on the claimant's income, or if there are no taxes due under this chapter, the taxpayer may carry forward the amount of the claim not used to offset the taxes under this chapter for not more than five (5) consecutive taxable years' income tax liability.

(7) The credit allowed by this section is in lieu of a deduction pursuant to Section 170 of the Internal Revenue Code and taken for state tax purposes.

(8) Taxpayers taking a credit authorized by this section shall provide the name of the qualifying charitable organization and the amount of the contribution to the department on forms provided by the department.

(9) A qualifying charitable organization shall provide the department with a written certification that it meets all criteria to be considered a qualifying charitable organization. The organization shall also notify the department of any changes that may affect the qualifications under this section.

(10) The charitable organization's written certification must be signed by an officer of the organization under penalty of perjury. The written certification shall include the following:

(a) Verification of the organization's status under Section 501(c)(3) of the Internal Revenue Code or verification that the organization is a designated community action agency that receives community services block grant program monies pursuant to 42 USC 9901.

(b) Financial data indicating the organization's budget for the organization's prior operating year and the amount of that budget spent on services to residents of this state who either:

(i) Receive temporary assistance for needy families benefits;

(ii) Are low-income residents of this state;

(iii) Are children who have a chronic illness or physical, intellectual, developmental or emotional disability; or

(iv) Are children in a foster care placement program established by the Department of Child Protection Services, children placed under the Safe Families for Children model or children at significant risk of entering a foster care placement program established by the Department of Child Protection Services.

(c) A statement that the organization plans to continue spending at least fifty percent (50%) of its budget on services to residents of this state who receive temporary assistance for needy families benefits, who are low-income residents of this state, who are children who have a chronic illness or physical, intellectual, developmental or emotional disability or who are children in a foster care placement program established by the Department of Child Protection Services, children placed under the Safe Families for Children model or children at significant risk of entering a foster care placement program established by the Department of Child Protection Services. A charitable organization that is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code and that meets all other requirements for a qualifying charitable organization or qualifying foster care charitable organization except that it does not spend at least fifty percent (50%) of its overall budget in Mississippi shall submit a statement that it spends at least fifty percent (50%) of its Mississippi budget on services to qualified individuals in Mississippi and that one hundred percent (100%) of the voluntary cash contributions it receives from Mississippi taxpayers will be spent on services to qualified individuals in Mississippi.

(d) In the case of a foster care charitable organization, a statement that each operating year it provides services to at least one hundred (100) qualified individuals in this state.

(e) A statement that the organization does not provide, pay for or provide coverage of abortions and does not financially support any other entity that provides, pays for or provides coverage of abortions.

(f) Any other information that the department requires to administer this section.

(11) The department shall review each written certification and determine whether the organization meets all the criteria to be considered a qualifying charitable organization and notify the organization of its determination. The department may also periodically request recertification from the organization. The department shall compile and make available to the public a list of the qualifying charitable organizations.

(12) The aggregate amount of tax credits that may be awarded under this section in any calendar year shall not exceed Three Million Dollars (\$3,000,000.00). However, for calendar year 2021, and for each calendar year thereafter, the aggregate amount of tax credits that may be awarded under this section in any calendar year shall not exceed One Million Dollars (\$1,000,000.00). In addition, any tax credits not awarded under this section before June 1, 2020, may be allocated during calendar year 2020 under Section 27-7-22.41 for contributions by taxpayers to eligible charitable organizations described in Section 27-7-22.41(1)(b)(ii) as provided under such section, notwithstanding any limitation on the percentage of tax credits that may be allocated for such contributions.

(13) A taxpayer shall apply for credits with the department on forms prescribed by the department. In the application the taxpayer shall certify to the department the dollar amount of the contributions made or to be made

during the calendar year. Within thirty (30) days after the receipt of an application, the department shall allocate credits based on the dollar amount of contributions as certified in the application. However, if the department cannot allocate the full amount of credits certified in the application due to the limit on the aggregate amount of credits that may be awarded under this section in a calendar year, the department shall so notify the applicant within thirty (30) days with the amount of credits, if any, that may be allocated to the applicant in the calendar year. Once the department has allocated credits to a taxpayer, if the contribution for which a credit is allocated has not been made as of the date of the allocation, then the contribution must be made not later than sixty (60) days from the date of the allocation. If the contribution is not made within such time period, the allocation shall be cancelled and returned to the department for reallocation. Upon final documentation of the contributions, if the actual dollar amount of the contributions is lower than the amount estimated, the department shall adjust the tax credit allowed under this section.

(14) This section shall be repealed from and after January 1, 2025.

## **§ 27-7-22.40. Job tax credit for certain full-time jobs created in Mississippi by water transportation enterprises [Repealed effective January 1, 2023].**

(1) The following words and phrases shall have the meanings ascribed in this section unless the context clearly indicates:

(a) “Water transportation enterprise” means an enterprise or establishment primarily engaged in providing inland water transportation of cargo on lakes, rivers and/or intracoastal waterways, except on the Great Lakes System.

(b) “Mississippi full-time job” means a job created in the State of Mississippi on or after January 1, 2019, and filled by a Mississippi resident who works at least thirty-five (35) hours per week.

(2) Subject to the provisions of this section, any water transportation enterprise is allowed a job tax credit for taxes imposed by this chapter equal to Two Thousand Dollars (\$2,000.00) annually for each Mississippi full-time job created for a period of five (5) years from the date the credit commences. A water transportation enterprise may not claim a tax credit for the reemployment of a person whose employment with the enterprise is terminated by the enterprise if the reemployment by the enterprise occurs within twelve (12) months from the date of the termination. The credit shall commence on the date selected by the enterprise. For the year in which the commencement date occurs, the credit will be determined based on the monthly average number of

full-time employees employed by the water transportation enterprise in Mississippi full-time jobs subject to the Mississippi income tax withholding. For each year thereafter, the number of Mississippi full-time jobs shall be determined by comparing the monthly average number of full-time employees employed at the water transportation enterprise in Mississippi full-time jobs subject to the Mississippi income tax withholding for the taxable year with the corresponding period of the prior taxable year. The Department of Revenue shall adjust the credit allowed each year for employment fluctuations.

(3) The credit that may be used each year shall be limited to an amount not greater than the total state income tax liability of the water transportation enterprise. Any tax credit claimed under this section but not used in any taxable year may be carried forward for five (5) consecutive years from the close of the tax year in which the credits were earned.

(4)(a) The sale, merger, acquisition, reorganization, bankruptcy or relocation from one (1) county to another county within the state of any water transportation enterprise may not create new eligibility in any succeeding business entity, but any unused job tax credit may be transferred and continued by any transferee of the water transportation enterprise. The Department of Revenue shall determine whether or not qualifying net increases or decreases have occurred or proper transfers of credit have been made and may require reports, promulgate regulations, and hold hearings as needed for substantiation and qualification.

(5) The credits allowed under this section shall not be used by any business enterprise or corporation other than the water transportation enterprise actually qualifying for the credits.

(6) The maximum aggregate amount of tax credits that may be claimed by all taxpayers claiming a credit under this section in a taxable year shall not exceed Two Million Dollars (\$2,000,000.00).

(7) Any water transportation enterprise that is eligible for the credit authorized in this section before January 1, 2023, shall be eligible for the credit authorized in this section, notwithstanding the repeal of this section, and shall be allowed to carry forward the credit after January 1, 2023, as provided for in subsection (3) of this section.

(8) This section shall be repealed from and after January 1, 2023.

**HISTORY: Laws, 2019, ch. 419, § 1, eff from and after January 1, 2019.**

**Editor Notes** -- Laws of 2019, ch. 419, § 2, effective January 1, 2019, provides:

"SECTION 2. Section 1 of this act shall be codified as a new section in Chapter 7, Title 27, Mississippi Code of 1972."

### **§ 27-7-22.41. Tax credit for certain business enterprises making voluntary cash contributions to eligible charitable organizations.**

(1) For the purposes of this section, the following words and phrases shall have the meanings ascribed in this section unless the context clearly indicates otherwise:

(a) "Department" means the Department of Revenue.

(b) "Eligible charitable organization" means an organization that is exempt from federal income taxation under Section 501(c)(3) of the Internal Revenue Code and is:

(i) Licensed by or under contract with the Mississippi Department of Child Protection Services and provides services for:

1. The prevention and diversion of children from custody with the Department of Child Protection Services,

2. The safety, care and well-being of children in custody with the Department of Child Protection Services, or

3. The express purpose of creating permanency for children through adoption; or

(ii) Certified by the department as an educational services charitable organization and provides services to:

1. Children in a foster care placement program established by the Department of Child Protection Services, children placed under the Safe Families for Children model, or children at significant risk of entering a foster care placement program established by the Department of Child Protection Services,

2. Children who have a chronic illness or physical, intellectual, developmental or emotional disability, or

3. Children eligible for free or reduced price meals programs under Section 37-11-7, or selected for participation in the Promise Neighborhoods Program sponsored by the U.S. Department of Education.

(2)(a) The tax credit authorized in this section shall be available only to a taxpayer who is a business enterprise engaged in commercial, industrial or professional activities and operating as a corporation, limited liability company, partnership or sole proprietorship. Except as otherwise provided in this section, a credit is allowed against the taxes imposed by Sections 27-7-5, 27-15-103, 27-15-109 and 27-15-123, for voluntary cash contributions made by a taxpayer during the taxable year to an eligible charitable organization. From and after January 1, 2022, for a taxpayer that is not operating as a corporation, a credit is also allowed against ad valorem taxes assessed and levied on real property for voluntary cash contributions made by the taxpayer during the taxable year to an eligible charitable organization. The amount of credit that may be utilized by a taxpayer in a taxable year shall be limited to (i) an amount not to exceed fifty percent (50%) of the total tax liability of the taxpayer for the taxes imposed by such sections of law and (ii) an amount not to exceed fifty percent (50%) of the total tax liability of the taxpayer for ad valorem taxes assessed and levied on real property. Any tax credit claimed under this section but not used in any taxable year may be carried forward for five (5) consecutive years from the close of the tax year in which the credits were earned.

(b) A contribution to an eligible charitable organization for which a credit is claimed under this section does not qualify for and shall not be included in any credit that may be claimed under Section 27-7-22.39.

(c) A contribution for which a credit is claimed under this section may not be used as a deduction by the taxpayer for state income tax purposes.

(3) Taxpayers taking a credit authorized by this section shall provide the name of the eligible charitable organization and the amount of the contribution to the department on forms provided by the department.

(4) An eligible charitable organization shall provide the department with a written certification that it meets all criteria to be considered an eligible charitable organization. An eligible charitable organization must also provide the department with written documented proof of its license and/or written contract with the Mississippi Department of Child Protection Services. The organization shall also notify the department of any changes that may affect eligibility under this section.

(5) The eligible charitable organization's written certification must be signed by an officer of the organization under penalty of perjury. The written certification shall include the following:

(a) Verification of the organization's status under Section 501(c)(3) of the Internal Revenue Code;

(b) A statement that the organization does not provide, pay for or provide coverage of abortions and does not financially support any other entity that provides, pays for or provides coverage of abortions;

(c) Any other information that the department requires to administer this section.

(6) The department shall review each written certification and determine whether the organization meets all the criteria to be considered an eligible charitable organization and notify the organization of its determination. The department may also periodically request recertification from the organization. The department shall compile and make available to the public a list of eligible charitable organizations.

(7) Tax credits authorized by this section that are earned by a partnership, limited liability company, S corporation or other similar pass-through entity, shall be allocated among all partners, members or shareholders, respectively, either in proportion to their ownership interest in such entity or as the partners, members or shareholders mutually agree as provided in an executed document.

(8)(a) A taxpayer shall apply for credits with the department on forms prescribed by the department. In the application the taxpayer shall certify to the department the dollar amount of the contributions made or to be made during the calendar year. Within thirty (30) days after the receipt of an application, the department shall allocate credits based on the dollar amount of contributions as certified in the application. However, if the department cannot allocate the full amount of credits certified in the application due to the limit on the aggregate amount of credits that may be awarded under this section in a calendar year, the department shall so notify the applicant within thirty (30) days with the amount of credits, if any, that may be allocated to the applicant in the calendar year. Once the department has allocated credits to a taxpayer, if the contribution for which a credit is

allocated has not been made as of the date of the allocation, then the contribution must be made not later than sixty (60) days from the date of the allocation. If the contribution is not made within such time period, the allocation shall be cancelled and returned to the department for reallocation. Upon final documentation of the contributions, if the actual dollar amount of the contributions is lower than the amount estimated, the department shall adjust the tax credit allowed under this section.

(b) A taxpayer who applied for a tax credit under this section during calendar year 2020, but who was unable to be awarded the credit due to the limit on the aggregate amount of credits authorized for calendar year 2020, shall be given priority for tax credits authorized to be allocated to taxpayers under this section by Section 27-7-22.39.

(c) For the purposes of using a tax credit against ad valorem taxes assessed and levied on real property, a taxpayer shall present to the appropriate tax collector the tax credit documentation provided to the taxpayer by the Department of Revenue, and the tax collector shall apply the tax credit against such ad valorem taxes. The tax collector shall forward the tax credit documentation to the Department of Revenue along with the amount of the tax credit applied against ad valorem taxes, and the department shall disburse funds to the tax collector for the amount of the tax credit applied against ad valorem taxes. Such payments by the Department of Revenue shall be made from current tax collections.

(9) The aggregate amount of tax credits that may be allocated by the department under this section during a calendar year shall not exceed Five Million Dollars (\$5,000,000.00), and not more than fifty percent (50%) of tax credits allocated during a calendar year may be allocated for contributions to eligible charitable organizations described in subsection (1)(b)(ii) of this section. However, for calendar year 2021, the aggregate amount of tax credits that may be allocated by the department under this section during a calendar year shall not exceed Ten Million Dollars (\$10,000,000.00), and for calendar year 2022, and for each calendar year thereafter, the aggregate amount of tax credits that may be allocated by the department under this section during a calendar year shall not exceed Sixteen Million Dollars (\$16,000,000.00). For calendar year 2021, and for each calendar year thereafter, fifty percent (50%) of the tax credits allocated during a calendar year shall be allocated for contributions to eligible charitable organizations described in subsection (1)(b)(i) of this section and fifty percent (50%) of the tax credits allocated during a calendar year shall be allocated for contributions to eligible charitable organizations described in subsection (1)(b)(ii) of this section. For calendar year 2022, and for each calendar year thereafter, of the amount of tax credits that may be allocated for contributions to eligible charitable organizations described in subsection (1)(b)(ii) of this section, fifteen percent (15%) of the tax credits shall be available solely for allocation for contributions to eligible charitable organizations described in subsection (1)(b)(ii)2; however, any such tax credits not allocated before April 1 of a calendar year may be allocated for contributions to eligible charitable organizations described in subsection

(1)(b)(ii)1 of this section. For calendar year 2021, and for each calendar year thereafter, for credits allocated during a calendar year for contributions to eligible charitable organizations described in subsection (1)(b)(i) of this section, no more than twenty-five percent (25%) of such credits may be allocated for contributions to a single eligible charitable organization. Except as otherwise provided in this section, for calendar year 2021, and for each calendar year thereafter, for credits allocated during a calendar year for contributions to eligible charitable organizations described in subsection (1)(b)(ii) of this section, no more than five percent (5%) of such credits may be allocated for contributions to a single eligible charitable organization. However, for calendar year 2022, of the additional amount of tax credits authorized under this section, as amended by Chapter 480, Laws of 2021, for allocation for contributions to eligible charitable organizations described in subsection (1)(b)(ii) of this section, Two Million Dollars (\$2,000,000.00) of the tax credits shall be available solely for allocation for contributions to Magnolia Speech School; however, any such tax credits not allocated before April 1, 2022, may be allocated for contributions to eligible charitable organizations described in subsection (1)(b)(ii) of this section.

## § 27-7-23. Net income of nonresident and foreign taxpayers.

### (a) Definitions.

(1) “Doing business” means the operation of any business enterprise or activity in Mississippi for financial profit or economic gain, including, but not limited to, the following:

(A) The regular maintenance of an office or other place of business in Mississippi; or

(B) The regular maintenance in Mississippi of an inventory of merchandise or material for sale, distribution or manufacture, regardless of whether kept on the premises of the taxpayer or otherwise; or

(C) The selling or distributing of merchandise to customers in Mississippi directly from a company-owned or operated vehicle when title to the merchandise is transferred from the seller or distributor to the customer at the time of the sale or distribution (transient selling); or

(D) The regular rendering of service to clients or customers in Mississippi in person or by agents or employees; or

(E) The owning, renting or operating of business or income-producing property, real or personal, in Mississippi; or

(F) The performing of contracts, prime or sublet work, for the construction, repair or renovation of real or personal property.

(2) “Business income” means income of any type or class, and from any activity that meets the relationship described in the transactional test or the functional test described in this paragraph (2). The classification of income by occasionally used labels, including, but not limited to, manufacturing income, compensation for services, sales income interest, dividends, rents, royalties, gains, operating income, and nonoperating income shall not be considered when determining whether income is business or nonbusiness income. All income of the taxpayer is business income unless clearly classifiable as nonbusiness income. A taxpayer seeking to overcome a classification of income as business income must establish by a preponderance of the evidence that the income has been incorrectly classified.

(A) Transactional test. Business income includes income arising from

transactions and activity in the regular course of the taxpayer's trade or business.

(i) If the transaction or activity is in the regular course of the taxpayer's trade or business, part of which trade or business is conducted within Mississippi, the resulting income of the transaction or activity is business income for Mississippi. Income may be business income even though the actual transaction or activity that gives rise to the income does not occur in Mississippi.

(ii) For a transaction or activity to be in the regular course of the taxpayer's trade or business, the transactions or activity need not be one that frequently occurs in the trade or business, although most frequently occurring transactions or activities shall be considered to be in the regular course of a trade or business. It is sufficient to classify a transaction or activity as being in the regular course of a trade or business if it is reasonable to conclude transactions of that type are customary in the kind of trade or business being conducted or are within the scope of what the trade or business does.

(B) Functional test. Business income includes income from tangible and intangible property if the acquisition, management and/or disposition of the property constitute integral parts of the taxpayer's regular trade or business operation.

(i) Under the functional test, business income need not be derived from transactions or activities that are in the regular course of the taxpayer's own particular trade or business. It shall be sufficient if the property from which the income is derived is or was an integral, functional, necessary or operative component of the taxpayer's trade or business operations, part of which trade or business is or was conducted within this state.

(ii) Income that is derived from isolated sales, leases, assignments, licenses and other infrequently occurring dispositions, transfers or transactions involving property, including transactions made in liquidation or the winding up of business is business income if the property is or was used in the taxpayer's trade or business operation. Income from the licensing of intangible assets, such as patents, copyrights, trademarks, service marks, goodwill, know-how, trade secrets and similar assets, that were developed or acquired for use by the taxpayer in his trade or business operations, constitute business income whether the licensing itself constituted the operation of a trade or business and whether the taxpayer remains in the same trade or business from or for which the intangible asset was developed or acquired.

(iii) Under the functional test, income from intangible property is business income when the intangible property serves an operating function, as opposed to solely an investment function. The relevant inquiry shall focus on whether the property is or was held in furtherance of the taxpayer's trade or business, that is, on the objective characteristics of the intangible property's use or acquisition and its relation to

the taxpayer and the taxpayer's activities. The functional test is not satisfied where the holding of the property is limited solely to an investment function as in the case where the holding of the property is limited to mere financial betterment of the taxpayer in general.

(iv) If the property is or was held in furtherance of the taxpayer's trade or business beyond mere financial betterment, then income from the property may be business income even though the actual transaction or activity involving the property that gives rise to the income does not occur in Mississippi.

(v) If, with respect to an item of property, a taxpayer takes a deduction from business income that is apportioned to Mississippi, or includes that item of property in the property factor, it is presumed that the item of property is or was integral to the taxpayer's trade or business operations. No presumption arises from the absence of any of this action.

(vi) Application of the functional test is generally unaffected by the form of the property. Income arising from intangible property is business income when the intangible property itself or the underlying value of the intangible property is or was an integral, functional, necessary or operative component to the taxpayer's trade or business operation. Therefore, while treatment of income derived from transactions involving intangible property as business income may be supported by a finding that the issuer of the intangible property and the taxpayer are engaged in the same trade or business, establishment of such a relationship is not the exclusive basis for concluding that the income constitutes business income. It is sufficient to support a finding of business income if the holding of the intangible property served an operational rather than an investment function.

(3) "Nonbusiness income" means all income that does not meet the definition of business income.

(4) "Commercial domicile" means the principal place from which the trade or business of the taxpayer is directed or managed.

(5) "State" means any state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, any territory or possession of the United States, and any foreign country or political subdivision thereof.

**(b) Nonresident individuals, partnerships, trusts and estates.**

(1) The tax imposed by this article shall apply to the entire net income of a taxable nonresident derived from employment, trade, business, professional, personal service or other activity for financial gain or profit, performed or carried on within Mississippi, including the rental of real or personal property located within this state or for use herein and including the sale or exchange or other disposition of tangible or intangible property having a situs in Mississippi.

(2) Income derived from trade, business or other commercial activity shall be taxed to the extent that it is derived from such activity within this state. Mississippi net income shall be determined in the manner prescribed

by the commissioner for the allocation and/or apportionment of income of foreign corporations having income from sources both within and without the state.

(3) A taxable nonresident shall be allowed to deduct expenses, interest, taxes, losses, bad debts, depreciation and similar business expenses only to the extent that they are allowable under this article and are attributable to the production of income allocable to and taxable by the State of Mississippi. As to allowable deductions essentially personal in nature, such as contributions to charitable organizations, medical expenses, taxes, interest and the optional standard deduction, such taxable nonresident shall be allowed deductions therefor in the ratio that the net income from sources within Mississippi bears to the total net income from all sources of such taxable nonresident, computed as if such taxable nonresident was a resident of Mississippi.

**(c) Foreign corporations, associations, organizations and other entities.**

(1) Corporations and organizations required to file. All foreign corporations and other organizations which have obtained a certificate of authority from the Secretary of State to do business in Mississippi, or corporations or organizations which are in fact doing business in Mississippi, are subject to the income tax levy and are required to file annual income tax returns unless the corporation or organization is specifically exempt from tax by this article.

**(2) Allocation and apportionment of income.**

(A) Except as provided in Sections 27-7-24, 27-7-24.1, 27-7-24.3, 27-7-24.5, 27-7-24.7, 27-7-24.8 and 27-7-24.9, Mississippi Code of 1972, any corporation or organization having business income from business activity which is taxable both within and without this state shall allocate and apportion its net business income as prescribed by regulations enacted by the commissioner. If the business income of the corporation is derived solely from property owned or business done in this state and the corporation is not taxable in another state, the entire business income shall be allocated to this state. A corporation is taxable in another state if, in that state the corporation is subject to a net income tax, or a franchise tax measured by net income, or if that state has jurisdiction to subject the corporation to a net income tax regardless of whether the state does or does not subject the corporation to a net income tax.

(B) If the allocation and apportionment provisions of this section or regulations enacted by the commissioner do not fairly represent the extent of the taxpayer's business activity in this state, the taxpayer may petition for, or the commissioner may require, in respect to all or any part of the taxpayer's business activity, if reasonable:

- (i) Separate accounting;
- (ii) The exclusion of any one or more of the factors;
- (iii) The inclusion of one or more additional factors which will fairly represent the taxpayer's business activity in this state; or
- (iv) The employment of any other method to effectuate an equitable allocation and apportionment of the taxpayer's income.

(C) In any instance in which a taxpayer requests or the commissioner requires the use of any of the alternative apportionment methods in subparagraph (B) of this paragraph, the party requesting or requiring the method shall bear the burden of proving by preponderance of the evidence in any administrative or judicial proceeding that the methods set forth in this section or the commissioner's regulations do not fairly represent the extent of the taxpayer's business activity in this state and that the proposed method more fairly represents that activity than any other reasonable method available. The alternative apportionment authority specified in this subparagraph (D) is intended to be invoked only in limited and unique, nonrecurring circumstances where the standard apportionment provisions contained in the statutes and regulations produce unanticipated results that do not fairly represent the extent of the taxpayer's business activity in this state.

(D) The commissioner shall be prohibited from assessing any penalties related to a deficiency arising from requiring the use of an alternative apportionment method under subparagraph (B) of this paragraph unless the commissioner shall establish by preponderance of the evidence that the taxpayer's method was without reasonable basis or was not in accordance with existing statutes or regulations.

(3) Nonbusiness income. Rents and royalties from real or tangible personal property, capital gains, interest, dividends, or patent or copyright royalties, to the extent that they constitute nonbusiness income, shall be allocated as follows:

(A) Net rents and royalties from real property are allocable to the state in which the property is located.

(B) Net rents and royalties from tangible personal property are allocable to the state in which the property is used, or to this state in their entirety if the corporation's commercial domicile is in this state and the corporation is not organized under the laws of or taxable in the state in which the property is utilized.

(C) Capital gains and losses from sales of real property are allocable to the state in which the property is located.

(D) Capital gains and losses from sales of tangible personal property are allocable to the state in which the property is located, or to this state if the corporation's commercial domicile is in this state and the corporation is not taxable in the state in which the property had a situs.

(E) Capital gains and losses from sales of intangible personal property are allocable to the state of the corporation's commercial domicile.

(F) Interest and dividends are allocable to the state of the corporation's commercial domicile.

(G) Patent and copyright royalties are allocable to the state in which the patent or copyright is utilized by the payer, or to this state if and to the extent that the patent or copyright is utilized by the payer in a state in which the corporation is not taxable and the corporation's commercial domicile is in this state.

(H) Any other nonbusiness income shall be allocated as prescribed by the commissioner.

(I) All expenses connected with earning nonbusiness income, such as interest, taxes, general and administrative expenses and such other expenses relating to the production of nonbusiness income, shall be deducted from gross nonbusiness income. Nonbusiness interest expense shall be computed by using the ratio of nonbusiness assets to total assets applied to total interest expense.

**(d) Foreign lenders.**

(1) In the case of any foreign lender, (corporation, association, organization, individual, partnership, trusts or estates), other than: (A) a foreign insurance company subject to certification by the Commissioner of Insurance, as provided by Section 83-21-1 et seq.; or (B) a foreign lender qualified under the general laws of this state to do business herein; or (C) a foreign lender which maintains an office or place of business within this state; or (D) lenders that sold properties in this state and financed such sale and reported on the installment method, interest income received or accrued on or after January 1, 1977, from loans secured by real estate or from lending on the security of real estate located within this state shall be excluded from Mississippi gross income and exempt from the Mississippi income tax levy and the reporting requirements.

(2) In the case of any foreign lender exempted in paragraph (1) of this subsection, interest income received on any loan finalized or consummated after January 1, 1977, shall be excluded from Mississippi gross income and the net profits derived therefrom shall be exempt from the Mississippi income tax levy for the life of such loan.

(e) **Insurance companies.** Insurance companies, other than life insurance companies, deriving premium income from within and without the state, may determine their Mississippi net income from underwriting by apportioning to this state a part of their total net underwriting income by such processes or formulas of general apportionment as are prescribed by the commissioner; provided that a company adopting this method of reporting for any year must adhere to said method of reporting for subsequent years, unless permission is granted by the commissioner to change to a different method of reporting; and provided that all affiliated companies of the same group shall use the same method of reporting.

(f) **Bond requirements.** Any individual or corporation subject to the tax imposed by this article, engaged in the business of performing contracts which may require the payment of net income taxes, may be required by the commissioner, before entering into the performance of any contract or contracts the consideration of which is more than Ten Thousand Dollars (\$10,000.00), to execute and file a good and valid bond with a surety company authorized to do business in this state, or with sufficient sureties to be approved by the commissioner, conditioned that all taxes which may accrue to the State of Mississippi will be paid when due. Provided, however, that such bond shall not exceed five percent (5%) of the total contracts entered into

during the taxable period, and, provided further, that any taxpayer, in lieu of furnishing such bond, may pay the maximum sum required herein as advance payment of taxes due on the net income realized from any contract or contracts performed or completed in this state.

**§ 27-7-24.9. Allocation and apportionment of income of major medical laboratory service business with taxable activities within and without state.**

(1) For purposes of the income tax imposed by this chapter, a major medical laboratory service business whose business activity is taxable both within and without this state shall apportion its business income (income which is includable in the apportionable tax base) to this state by multiplying such income by an apportionment percentage determined in accordance with this section.

(2) The net business income which has not been allocated, directly assigned or excluded shall be apportioned to Mississippi by multiplying such business income by a single sales factor. The sales factor is a fraction, the numerator of which is the receipts from medical laboratory services and other receipts of the taxpayer in this state during the taxable year, and the denominator of which is the total receipts of the taxpayer within and without this state during the taxable year.

(3)(a) Receipts attributable to medical laboratory services are determined to be within Mississippi if the medical laboratory services are provided on behalf of an individual or patient whose service address is located in this state at the time the service is performed.

(b) Receipts attributable to medical laboratory services performed in this state shall be thrown back and sourced to this state if, pursuant to the patient service address rule in paragraph (a) of this subsection (3):

(i) The receipts are sourced to a state or local jurisdiction in which the taxpayer is not subject to an income or gross receipts tax (other than a general sales tax) during a given taxable year, or

(ii) The company is subject to an income or gross receipts tax in another state or local jurisdiction but the laws of that jurisdiction do not source such receipts to that jurisdiction.

For purposes of this paragraph (b), a company shall be considered taxable in another state or local jurisdiction if it files a separate company income or gross receipts tax return in that state or local jurisdiction, it is

included in a unitary or combined group income or gross receipts tax return in that state or local jurisdiction, or if the state or local jurisdiction has authority to levy an income or gross receipts tax upon the company regardless of whether that jurisdiction actually levies such a tax.

(c) Any other receipts of the taxpayer not attributable to medical laboratory services shall be sourced to this state pursuant to regulations of the department.

(4) For purposes of this section:

(a) "Major Medical Laboratory Service Business" means a company that performs laboratory testing and analysis for the medical industry and that invests a minimum of Twenty-five Million Dollars (\$25,000,000.00) in land, building, and/or equipment located in Mississippi and creates two hundred eighty (280) new full-time, direct jobs within three (3) years of start of operations, as certified by the Mississippi Development Authority.

(b) "Medical Laboratory Services" means laboratory testing and analysis performed for the medical industry.

(c) "Service address" means the physical location of the doctor's office, clinic, or other medical facility requesting the testing or analysis.

An exempt organization not subject to tax under the provisions of this article which fails to file the returns required by this section shall be notified of its delinquency and if such returns are not filed and the delinquency persists, the exemption from taxation enjoyed by the organization shall be forfeited.

(2) The commissioner may require material advisors and taxpayers required to notify the Internal Revenue Service of reportable transactions to notify the State Tax Commission of such transactions. The commissioner may require material advisors required to keep lists of reportable transactions for Internal Revenue Service purposes to do likewise for State Tax Commission

purposes. The commissioner may specify the manner and method by which such transactions and lists must be reported as well as the scope of the information maintained and reported.

(3)(a) The Department of Revenue shall revise the individual income tax forms used for returns to include one or more additional lines to allow an individual taxpayer to designate:

(i) Up to two (2) bank accounts for direct deposit of the taxpayer's refund; and

(ii) The allocation of the taxpayer's refund amount between the designated bank accounts.

(b) The provisions of this subsection (3) shall be applicable to all income tax forms used for tax years beginning on or after January 1, 2021.

**Amendment Notes** — The 2020 amendment added (3).

## § 27-7-49. Examination of returns.

### JUDICIAL DECISIONS

#### 1. In general.

Chancery court properly granted summary judgment in favor of the Mississippi Department of Revenue (MDOR) in an appeal by a limited liability partnership (LLP) and its individual partners of MDOR's assessments because, *inter alia*, the LLP was properly notified of the audit, its mere "belief" that the audit was incorrect was insufficient to overcome the statutory *prima facie* presumption of cor-

rectness, the partners failed to rebut the factual assertions made by MDOR, their lack of production could be viewed as a refusal or delay, and the additional income discovered as a result of the increased business sales found in the audit flowed through to the partners' individual tax returns. *Rawan Hayaf, LLP v. Frierson*, — So. 3d —, 2021 Miss. App. LEXIS 256 (Miss. Ct. App. June 15, 2021).

## § 27-7-83. Confidentiality of reports and returns; release of certain information under certain circumstances.

(1) Returns and return information filed or furnished under the provisions of this chapter shall be confidential, and except in accordance with proper judicial order, as otherwise authorized by this section, as authorized in Section 27-4-3 or as authorized under Section 27-7-821, it shall be unlawful for the Commissioner of Revenue or any deputy, agent, clerk or other officer or employee of the Department of Revenue or the Mississippi Department of Information Technology Services, or any former employee thereof, to divulge or make known in any manner the amount of income or any particulars set forth or disclosed in any report or return required. The provisions of this section shall apply fully to any federal return, a copy of any portion of a federal return, or any information reflected on a federal return which is attached to or made a part of the state tax return. Likewise, the provisions of this section shall

apply to any federal return or portion thereof, or to any federal return information data which is acquired from the Internal Revenue Service for state tax administration purposes pursuant to the Federal-State Exchange Program cited at Section 6103, Federal Internal Revenue Code. The term "proper judicial order" as used in this section shall not include subpoenas or subpoenas duces tecum, but shall include only those orders entered by a court of record in this state after furnishing notice and a hearing to the taxpayer and the Department of Revenue. The court shall not authorize the furnishing of such information unless it is satisfied that the information is needed to pursue pending litigation wherein the return itself is in issue, or the judge is satisfied that the need for furnishing the information outweighs the rights of the taxpayer to have such information secreted.

(2) Returns and return information with respect to taxes imposed by this chapter shall be open to inspection by or disclosure to the Commissioner of the Internal Revenue Service of the United States, or the proper officer of any state imposing an income tax similar to that imposed by this chapter, or the authorized representatives of such agencies. Such inspection shall be permitted, or such disclosure made, only upon written request by the head of such agencies, or the district director in the case of the Internal Revenue Service, and only to the representatives of such agencies designated in a written statement to the Commissioner of Revenue as the individuals who are to inspect or to receive the return or return information on behalf of such agency. The Commissioner of Revenue is authorized to enter into agreements with the Internal Revenue Service and with other states for the exchange of returns and return information data, or the disclosure of returns or return information data to such agencies, only to the extent that the statutes of the United States or of such other state, as the case may be, grant substantially similar privileges to the proper officer of this state charged with the administration of the tax laws of this state.

(3)(a) The return of a person shall, upon written request, be open to inspection by or disclosure to:

- (i) In the case of the return of an individual, that individual;
- (ii) In the case of an income tax return filed jointly, either of the individuals with respect to whom the return is filed;
- (iii) In the case of the return of a partnership, any person who was a member of such partnership during any part of the period covered by the return;
- (iv) In the case of the return of a corporation or a subsidiary thereof, any person designated by resolution of its board of directors or other similar governing body, or any officer or employee of such corporation upon written request signed by any principal officer and attested to by the secretary or other officer;
- (v) In the case of the return of an estate, the administrator, executor or trustee of such estate, and any heir at law, next of kin or beneficiary under the will, of the decedent, but only to the extent that such latter persons have a material interest which will be affected by information contained therein;

(vi) In the case of the return of a trust, the trustee or trustees, jointly or separately, and any beneficiary of such trust, but only to the extent that such beneficiary has a material interest which will be affected by information contained therein;

(vii) In the case of the return of an individual or a return filed jointly, any claimant agency or claimant local government seeking to collect a debt through the setoff procedure established in Sections 27-7-701 through 27-7-713, Sections 27-7-501 through 27-7-519 and/or Sections 27-7-801 through 27-7-823, as the case may be, from an individual with respect to whom the return is filed.

(b) If an individual described in paragraph (a) is legally incompetent, the applicable return shall, upon written request, be open to inspection by or disclosure to the committee, trustee or guardian of his estate.

(c) If substantially all of the property of the person with respect to whom the return is filed is in the hands of a trustee in bankruptcy or receiver, such return or returns for prior years of such person shall, upon written request, be open to inspection by or disclosure to such trustee or receiver, but only if the Commissioner of Revenue finds that such receiver or trustee, in his fiduciary capacity, has a material interest which will be affected by information contained therein.

(d) Any return to which this section applies shall, upon written request, also be open to inspection by or disclosure to the attorney-in-fact duly authorized in writing by any of the persons described in paragraph (a) of this subsection to inspect the return or receive the information on his behalf, subject to the conditions provided in paragraph (a).

(e) Return information with respect to any taxpayer may be open to inspection by or disclosure to any person authorized by this subsection to inspect any return of such taxpayer if the Commissioner of Revenue determines that such disclosure would not seriously impair state tax administration.

(4) The State Auditor and the employees of his office shall have the right to examine only such tax returns as are necessary for auditing the Department of Revenue and auditing benefits administered under the United States Department of Health and Human Services and the United States Department of Agriculture. The State Auditor and the employees of his office may make information related to auditing such benefits available to and may exchange the information with state agencies responsible for the administration of the benefits. Except as otherwise provided in this subsection (4), the same prohibitions against disclosure which apply to the Department of Revenue shall apply to the State Auditor and his employees or former employees.

(5) Officers and employees of the Mississippi Development Authority who execute a confidentiality agreement with the Department of Revenue shall be authorized to discuss and examine information to which this section applies at the offices of the Mississippi Department of Revenue. This disclosure is limited to information necessary to properly administer the programs under the jurisdiction of the Mississippi Development Authority. The Department of

Revenue is authorized to disclose to officers and employees of the Mississippi Development Authority who execute a confidentiality agreement the information necessary under the circumstances. The same prohibitions against disclosure which apply to the Department of Revenue shall apply to the officers or employees of the Mississippi Development Authority.

(6) Information required by the University Research Center to prepare the analyses required by Sections 57-13-101 through 57-13-109 shall be furnished to the University Research Center upon request. It shall be unlawful for any officer or employee of the University Research Center to divulge or make known in any manner the amount of income or any particulars set forth or disclosed in any information received by the center from the Department of Revenue other than as may be required by Sections 57-13-101 through 57-13-109 in an analysis prepared pursuant to Sections 57-13-101 through 57-13-109.

(7) Information required by the Mississippi Development Authority to prepare the reports required by Section 57-1-12.2 shall be furnished to the Mississippi Development Authority upon request. It shall be unlawful for any officer or employee of the Mississippi Development Authority to divulge or make known in any manner the amount of income or any particulars set forth or disclosed in any information received by the Mississippi Development Authority from the Department of Revenue other than as may be required by Section 57-1-12.2 in a report prepared pursuant to Section 57-1-12.2.

(8) Information necessary to comply with Chapter 13, Title 85, may be furnished to financial institutions. It shall be unlawful for any officer or employee of the financial institution to divulge or make known in any manner the amount of income or any particulars set forth or disclosed in any information received by the financial institution from the Department of Revenue other than as may be authorized by Chapter 13, Title 85.

(9) The Commissioner of Revenue and the Department of Revenue are authorized to discuss with and provide the Attorney General or his designated representative with information related to an offer to compromise and settle any doubtful claim regarding a finally determined tax liability as authorized by Section 31-19-30. It shall be unlawful for the Attorney General or any officer or employee of the Attorney General to divulge or make known in any manner the amount of income or any particulars set forth or disclosed in any information received by the Attorney General's office from the Commissioner of Revenue or Department of Revenue other than as may be required by Section 31-19-30.

(10) Nothing in this section shall be construed to prohibit the publication of statistics, so classified as to prevent the identification of particular reports or returns and the items thereof, or the inspection by the Attorney General, or any other attorney representing the state, of the report or return of any taxpayer who shall bring action to set aside the tax thereon, or against whom any action or proceeding has been instituted to recover any tax or penalty imposed.

(11) Nothing in this section shall prohibit the commissioner from making

available information necessary to recover taxes owing the state pursuant to the authority granted in Section 27-75-16.

(12) Reports and returns required under the provisions of this chapter shall be preserved in accordance with approved records control schedules. No records, however, may be destroyed without the approval of the Director of the Department of Archives and History.

(13) The Department of Revenue is authorized to disclose to the Child Support Unit and to the Fraud Investigation Unit of the Department of Human Services without the need for a subpoena or proper judicial order the name, address, social security number, amount of income, source of income, assets and other relevant information, records and tax forms for individuals who are delinquent in the payment of any child support as defined in Section 93-11-101 or who are under investigation for fraud or abuse of any state or federal program or statute as provided in Section 43-1-23.

(14) Nothing in this section shall prohibit the Department of Revenue from exchanging information with the federal government that is necessary to offset income tax refund payment on debts owed to this state or the United States.

(15) Nothing in this section shall prohibit the department from making available information that is necessary to be disclosed for the administration and enforcement of Section 27-7-87.

Section 1 of Chapter 494, Laws of 2020, effective from and after passage (became law without the Governor's signature on August 18, 2020), also amended this section. As set out above, this section reflects the language of amendments by Chapter 421 and Chapter 494, pursuant to Section 1-1-109, which gives the Joint Legislative Committee on Compilation, Revision, and Publication of Legislation authority to integrate amendments so that all versions of the same code section amended within the same legislative session may become effective. The Joint Committee on Compilation, Revision, and Publication of Legislation ratified the integration of these amendments as consistent with the legislative intent at the October 19, 2020, meeting of the Committee.

**Editor's Notes** — Laws of 2020, ch. 303, §§ 3 and 12, effective May 20, 2020 as amended by Laws of 2020, ch. 494, § 1, effective August 18, 2020, provide:

"SECTION 3. The Legislature intends to provide economic support to eligible Mississippi businesses for costs incurred in connection with the Coronavirus Disease 2019 (COVID-19), including business interruption caused by forced closures or restricted operations resulting from voluntary closures instituted to promote social distancing measures, decreased customer demand, cleaning or disinfection, and provision of personal protective equipment. Eligible expenses shall not include any damage paid by business interruption insurance or disallowed by Section 5001 of the Coronavirus Aid, Relief, and Economic Security (CARES) Act or any guidance or regulation issued by the United States Department of the Treasury in conformity therewith.

"In order to expedite payment to businesses in need of economic support due to required or voluntary closures related to COVID-19, while minimizing administrative costs and delays, the Legislature finds that a direct payment of Two Thousand Dollars (\$2,000.00) per business is a necessary cost, as provided for in Section 4 of this act. This payment is specifically to compensate these businesses for an initial compliance with the Governor's State of Emergency COVID-19 Proclamation issued on March 14, 2020. As such, this payment is not related to and is separate and distinct from any eligible expense that is reimbursable from the Back to Business Program. The Legislature finds further that an application process is warranted for the provision of additional compensation, whereby eligible businesses not wishing to itemize their expenses may receive, subject to approval, a base payment of Three Thousand Five Hundred Dollars

(\$3,500.00) plus Five Hundred Dollars (\$500.00) per full-time equivalent employee as a reasonable estimate of their costs incurred, as provided for in Sections 5 through 10 of this act.

“SECTION 12. If any section, paragraph, sentence, clause, phrase or any part of this act is declared to be in conflict with federal law, or if for any reason is declared to be invalid or of no effect, the remaining sections, paragraphs, sentences, clauses, phrases or parts thereof shall be in no manner affected thereby but shall remain in full force and effect.”

Laws of 2020, ch. 494, § 2, effective August 18, 2020, provides:

“SECTION 2. All changes made in this act to Senate Bill No. 2772, 2020 Regular Session [Chapter 303, Laws of 2020], shall be retroactive to May 20, 2020.”

**Amendment Notes** — The first 2020 amendment (ch. 421), effective January 1, 2020, rewrote the section, which read: "Funds received under the Paycheck Protection Program (PPP) shall not be subject to tax; however, eligible expenses for which PPP funds are received may not be itemized as tax deductions."

The second 2020 amendment (ch. 494), effective August 18, 2020, made no changes in this section as it was enacted by Laws of 2020, ch. 303, § 11

**Federal Aspects**— Coronavirus Aid, Relief, and Economic Security Act (CARES Act), see P.L. 116-136.

(1) Every insurance company liable for the tax under the provisions hereof shall make and file with the Department of Revenue, estimated tax returns and payments for the insurance premium tax levied under Sections 27-15-103 and 27-15-109 for the first four (4) periods of each calendar year and a reconciliation return and payment for the final reporting period for each

calendar year based on the actual liability of the insurance company for insurance premium taxes for that calendar year. The insurance company shall estimate the amount of insurance premium taxes to be due for each calendar year and pay insurance premium taxes based on a percentage of that estimate as provided for in subsection (2) of this section for the first four (4) reporting periods of each calendar year. In addition to reflecting the amount of estimated tax payment being paid, the estimated return shall also contain an estimate of the gross amount of premium receipts of the insurance company subject to the insurance premium tax under Sections 27-15-103 and 27-15-109 during the reporting period. For the final reporting period for each calendar year, every insurance company shall file a reconciliation tax return reporting the balance of insurance premium taxes due for the calendar year based on insurance premiums actually received during the calendar year after the application of the estimated tax payments for the first four (4) reporting periods and any applicable credits, and pay the balance of insurance premium taxes due for the calendar year. The insurance company shall also pay with the reconciliation tax return any penalties and/or interest due for the calendar year, including any penalty and/or interest for underestimating the amount of estimated tax to be paid for the first four (4) reporting periods.

(2) The reporting periods, the amount of insurance premium tax to be paid for the reporting periods, and the due date for the tax return and payment for the reporting periods are as follows:

(a) For the first reporting period of January 1 through March 31, the percentage to be paid is one-fourth (1/4) of the estimated tax amount. The due date for the estimated return and payment is April 20.

(b) For the second reporting period of April 1 through May 31, the percentage to be paid is one-sixth (1/6) of the estimated tax amount. The due date for the estimated return and payment is June 20.

(c) For the third reporting period of June 1 through June 30, the percentage to be paid is one-twelfth (1/12) of the estimated tax amount. The due date for the estimated return and payment is July 20.

(d) For the fourth reporting period of July 1 through September 30, the percentage to be paid is one-fourth (1/4) of the estimated tax amount. The due date for the estimated return and payment is October 20.

(e) For the final reporting period of October 1 through December 31, the balance of insurance premium tax due for the calendar year shall be paid after application of estimated payments for the first four (4) reporting periods and any applicable credits are reported on a reconciliation tax return. The due date for the return and payment, including payment of any penalty and/or interest, is March 1.

(3) Any insurance company liable for the insurance premium tax levied under Sections 27-15-103 and 27-15-109 that fails to file an estimated tax return or a reconciliation tax return and fails to pay the required estimated tax payments with the estimated tax return or the balance of insurance premium tax with the reconciliation tax return by the due date for such return and payment, shall be liable for a penalty in the amount of ten percent (10%) of the

payment due and interest at the rate of one-half of one percent (1/2 of 1%) per month from the due date of the payment until paid.

(4) Any insurance company that underestimates the estimated amount of insurance premium tax to be paid for any of the first four (4) reporting periods by more than ten percent (10%) shall be liable for penalty in the amount of ten percent (10%) of the amount by which the insurance company underestimated the amount of insurance premium tax due. The amount of this underestimate shall be determined by subtracting the amount paid for that reporting period from an amount determined by multiplying the actual annual insurance premium taxes due for the calendar year times the percentage of estimated tax to be paid for the reporting period. The insurance company shall also be liable for interest on the underestimated amount at the rate of one-half of one percent (1/2 of 1%) per month from the due date for the reporting period until the insurance company pays the actual annual insurance premium taxes due for the calendar year in which the reporting period is included.

(5) The Department of Revenue shall have the authority to promulgate rules and regulations, not inconsistent with this article, as it may deem necessary to enforce its provisions.

### § 27-17-455. License; issuance and duration.

Upon the receipt of the application herein required, and payment of the amount shown thereby to be due for the privilege to be exercised, the officer to whom said application is made shall determine if the application is in proper form, and if the correct amount be tendered, and may require the applicant to furnish such other and further information as in his opinion is necessary to ascertain the correct amount of tax due. When the correct amount of the tax has been so ascertained, the said officer shall issue to the applicant taxpayer a privilege license according to such application, and shall date the same as of the first day of the month of its issuance. The officer issuing the license shall countersign the same in writing or alternatively, by electronic or digital signature or a handwritten signature saved on a computer, when the license is issued by him, and he shall enter the same in the register prescribed by law therefor. The license issued by collectors as herein provided shall be executed in duplicate, which duplicate may be in the form of a paper copy or electronic document. The original shall be delivered to the licensee by the officer, and the paper or electronic duplicate, as the case may be, shall be attached or electronically linked to or otherwise maintained with the application therefor, and preserved by the officer as a public record.

If, however, such officer, shall, before issuing the said license, or at any time thereafter, have reason to believe that the statements of the business contained in the application are incorrect or false in any material particular, the said officer shall duly notify the applicant wherein the supposed discrepancy lies, and he is hereby empowered to require the applicant to render such other information as will enable him to determine the proper tax due. After making such determination of the proper tax due, if the license has not been issued, such officer shall forthwith proceed to collect the amount of tax due; and if the license shall have been issued under the original application, he shall collect the difference between the sum shown to be properly due, and the sum paid with the original application, and shall issue an additional license

therefor which shall expire at the same time as the original. If the additional tax is paid within thirty (30) days after the determination by the officer of the proper amount due, no penalty shall be applied. If the taxpayer shall willfully fail or refuse to furnish the information requested by such officer, he shall be liable for damages as in other cases of payment of an insufficient privilege tax, and may be proceeded against civilly or criminally as otherwise provided herein, and shall suffer the penalties provided herein therefor.

All licenses issued pursuant to this section shall be good, usable and valid for one (1) year after the date thereof, or for such other period as is fixed by law for the privilege, which period shall be so designated in the license. However, no such license shall be issued for a period longer than one (1) year.
